

DPCM 10 APRIL 2020 - COVID-19

04/13/2020

INDUSTRIAL PRODUCTION INTERRUPTION UNTIL MAY 3!!!

A new Decree of the President of the Council of Ministers has been signed on last 10 April (art. 2). All production activities that are not included in Annex 3 and that are not considered to be of public utility or essential services, are suspended. The lockdown that started in Italy on March 22, is extended until May 3. Subject to specific authorization, can continue the production the companies that are functional to ensure the continuity of the supply chains of the authorized activities, as well as the supply chains of the aerospace, defense and other activities of strategic importance for the national economy. Pending the completion and publication of a new and more suitable shared protocol regulating measures to combat and contain the spread of the Covid-19 virus in the workplace, the Prime Minister recommended that companies authorized to produce comply with to the guidelines indicated in the document already signed for approval with the social partners on 14 March.
